

Personal Political Profile

60 Points Due Monday, March 1st

Name _____ Hr _____

Directions: You are to create a document/poster that shows your present political beliefs. It will help your instructor get to know you better while helping you to articulate your political values. You are to include your political compass graph, your chosen political affiliation (party or independent) and your views on a list of specific issues. You may choose to include views on any additional issues that you find important. Your profile will be evaluated for the thoroughness of your answers about the issues as well as the professional appearance of the product. The format can be either a pamphlet/brochure, PowerPoint/Google Docs presentation, video or possibly another choice approved by Bauman. Below are the issues you need to include and grading for the project. You may want to look at the websites of various political parties to help you figure out your answers. Links are on the U.S. Government & Citizenship website.

Issues to address:

1. Abortion
2. Flag Burning
3. Gun Control - Restrictions?
4. Natural Environment – Energy Policy
5. Affirmative Action (Race Relations)
6. Economy – How to stimulate
7. Healthcare –Amount of govt involvement?
8. Prayer in School
9. Military – Afghanistan policy
10. Death Penalty
11. Gay Marriage/Rights
12. Taxes – Who gets taxed more? Bush tax cuts permanent?

You are expected to research issues and give as many specific details as you can about your beliefs. Make sure you back up your positions with data when possible, not just opinion. Of course some issues are more religious/philosophical in nature, but even those have specific rational arguments. I have put up websites that may help you in your search and to help you in determining your political leanings.

Before you turn in, does your project include:

- _____ Political Compass and explanation of where you are plotted says about your beliefs
- _____ A statement of which political party you lean towards(if any) and why/why not?
- _____ Answers to all 12 issues.
- _____ This grading sheet with your name and hour

GRADING

Compass w/explanation	/3	Issues Answers	/36
